Can You Hear Me? Community Challenge

Song: Feliz Navidad

The challenge for this episode is to make a joyful noise with things you can find around the house!

A percussion instrument is anything you tap, shake, scrape or hit to make a sound. Here are some ideas for making easy percussion instruments that you can use to play along to this episode's song.

Put rice, dried beans or pasta, nuts, or any other odds and ends inside of an empty water bottle for a shaker. See how many different sounds you can make.

Try tapping a variety of mixing bowls with a wooden spoon. Metal, plastic or glass bowls of different sizes will have different tones.

Tape or glue two paper plates together. Punch holes around the outside edge and tie on jingle bells from your holiday decorations. Make it festive by painting the plate or having a child in your family help you out!
